I'm an acoustic singer/songwriter and multi-instrumentalist, originally from the UK but for the past 5 years Austin has been my home. I've been performing, recording and writing for over 20 years and in that time have released 4 albums, 2 Eps and have toured extensively across the UK, US and Europe.

As well as my solo shows, I've been fortunate enough to play either drums, bass guitar or guitar for many well-known artists including **Ruthie Foster, Jimmy LaFave, Martin Barre (Jethro Tull), Phil Gould (Level42), Shawn Pander, Rebecca Loebe, Carrie Elkin, Wild Ponies, NagaValli** and many more.

I have had my music used in multiple TV shows which have aired on the **BBC, Nickelodeon, Channel4, EvineLive, CBS** and **ITV**.

I am endorsed by **Takamine Guitars, L R Baggs, Schlagwerk Percussion** and **Logarhythm stomp boxes**. I have demo-ed products for these companies at trade shows in London, France and Germany.
